An Oasis of Calm  
in a noisy world

## Nook Price List & Options - EUR

PRODUCT	COST
NOOK POD	€4,300.00
OPTION – UPPER WALL, STANDARD	€125.00
OPTION – UPPER WALL, WHITEBOARD	€240.00
OPTION – OAK VENEER TABLE	€155.00
OPTION – WIRELESS POWER CHARGING	€395.00
OPTION – EXTRA NOOK BENCH	€295.00
OPTION – ADD CUSTOMER LOGO	€150.00

### FEATURES & OPTIONAL EXTRAS

A Nook comes with all the required electrics, lighting, seating and branding as shown on Page 3.

Here are the available add-ons.

#### OPTION – UPPER WALL, STANDARD (See p4)

The Nook comes complete with a half-height rear wall and shelf. Typically used when placing against a window to allow natural light through, or when access from the rear for conversation or as reception desk is required. Close this aperture with an Upper Wall panel.

#### OPTION – UPPER WALL, WHITEBOARD (Page 4)

Convert this Upper Wall in-fill panel to a whiteboard surface finish, inside and outside. This allows the wall to be written on inside the Nook, during a meeting, and outside on the back of the wall when stood at the Nook.

#### OPTION – OAK VENEER TABLE (Seen on Page 7)

Swap the standard white laminate finish for a rich lacquered real wood oak veneer finish.

**TERMS** Taxes & Delivery not included

**DELIVERY** Nook is delivered flat-packed  
[Contact us](#) for a delivery quote  
 An installation service is available

**LEAD TIME** Approx. 4 weeks

**UPHOLSTERY** Choose fabric colour [here](#)  
 Other fabrics are available on request

#### OPTION – WIRELESS POWER (Page 5)

Wireless power puts a power charging device under the Nook table which emits a wavelength picked up by a dongle which is plugged in to any phone/tablet. Several devices can be charged at once.

#### OPTION – EXTRA BENCH (Page 6)

Extra Nook benches can be added and placed outside the Nook, against the side wall to add a resting location, somewhere to relax briefly or compose for a moment. These seats can then be moved to the open front of the Nook to form a long bench seat for 3-4 people.

#### OPTION – BRANDING (Page 7)

Included in the price is either Nook branding or a combination of Nook and your company branding.

**UNLISTED OPTION** – Further changes can be made to the Nook table material and lampshade design, as well as adding a full graphic wrap to the outside of the Nook or changing the exterior material completely. Enquire for more info.

1. The Nook roof evokes childhood memories of playhouses, creating intimacy and a sense of privacy
2. Acoustic upholstery creates calm & quietness. Choose any colour.
3. Colour changeable LED Lighting enhances mood and improves legibility. Remote Control & 3D Printed Lampshade included.
4. Open Rear Wall. This aperture allows light and conversation in. This opening can be closed by adding the optional 'upper wall' to the order.
5. Desk level task lamp for detail & close-up work
6. Rear Wall Shelf. A two-dimensional work surface and a place for phones, coffee, wallets, arms etc.
7. International mains & USB power & charging sockets for devices (UK/EUR/US)
8. Large Comfortable Working Area
9. Bench seating. Spacious for 2 people for long periods or comfy for 4 for short meetings. Storage and feet-space underneath.
10. Nook is easily moveable on lockable heavy duty castors

## 10 Features included in the base Nook price

#### OPTION – UPPER WALL

1. Nook comes as standard with an open Rear Wall Upper to allow natural light in and facilitate more conversations between Nooks and from outside
2. Add a standard white laminated Rear Wall Upper to increase the sense of enclosure & privacy
3. Make it a whiteboard Rear Wall Upper - with whiteboard finish both inside and out - to add functionality to the Nook.

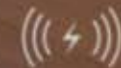

#### POWER - INCLUDED

1. Colour Adjustable Lighting to adjust lighting conditions to match the occupants mood, the task or a particular eye condition.
2. Surge Protected International Mains Sockets to plug in any device with 2 or 3 pin plugs.
3. Smart USB Outlets for simultaneously charging multiple tablet and phone devices

#### POWER - OPTIONAL

4. Wireless Charging, enabling a cable-free world, in partnership with Aircharge™

aircharge®

Optional Wireless Charging

#### Qi COMPATIBLE DEVICE?

If your mobile device is Qi wireless charging enabled, then you're ready to go! Simply place it on the Aircharge wireless charger and it will start charging instantly.

#### NON-Qi DEVICE?

Don't worry! Through our range of receivers and accessories, we can enable any other non-Qi device to enjoy the freedom of wireless charging. We include everything you need, pre-installed and ready to use.

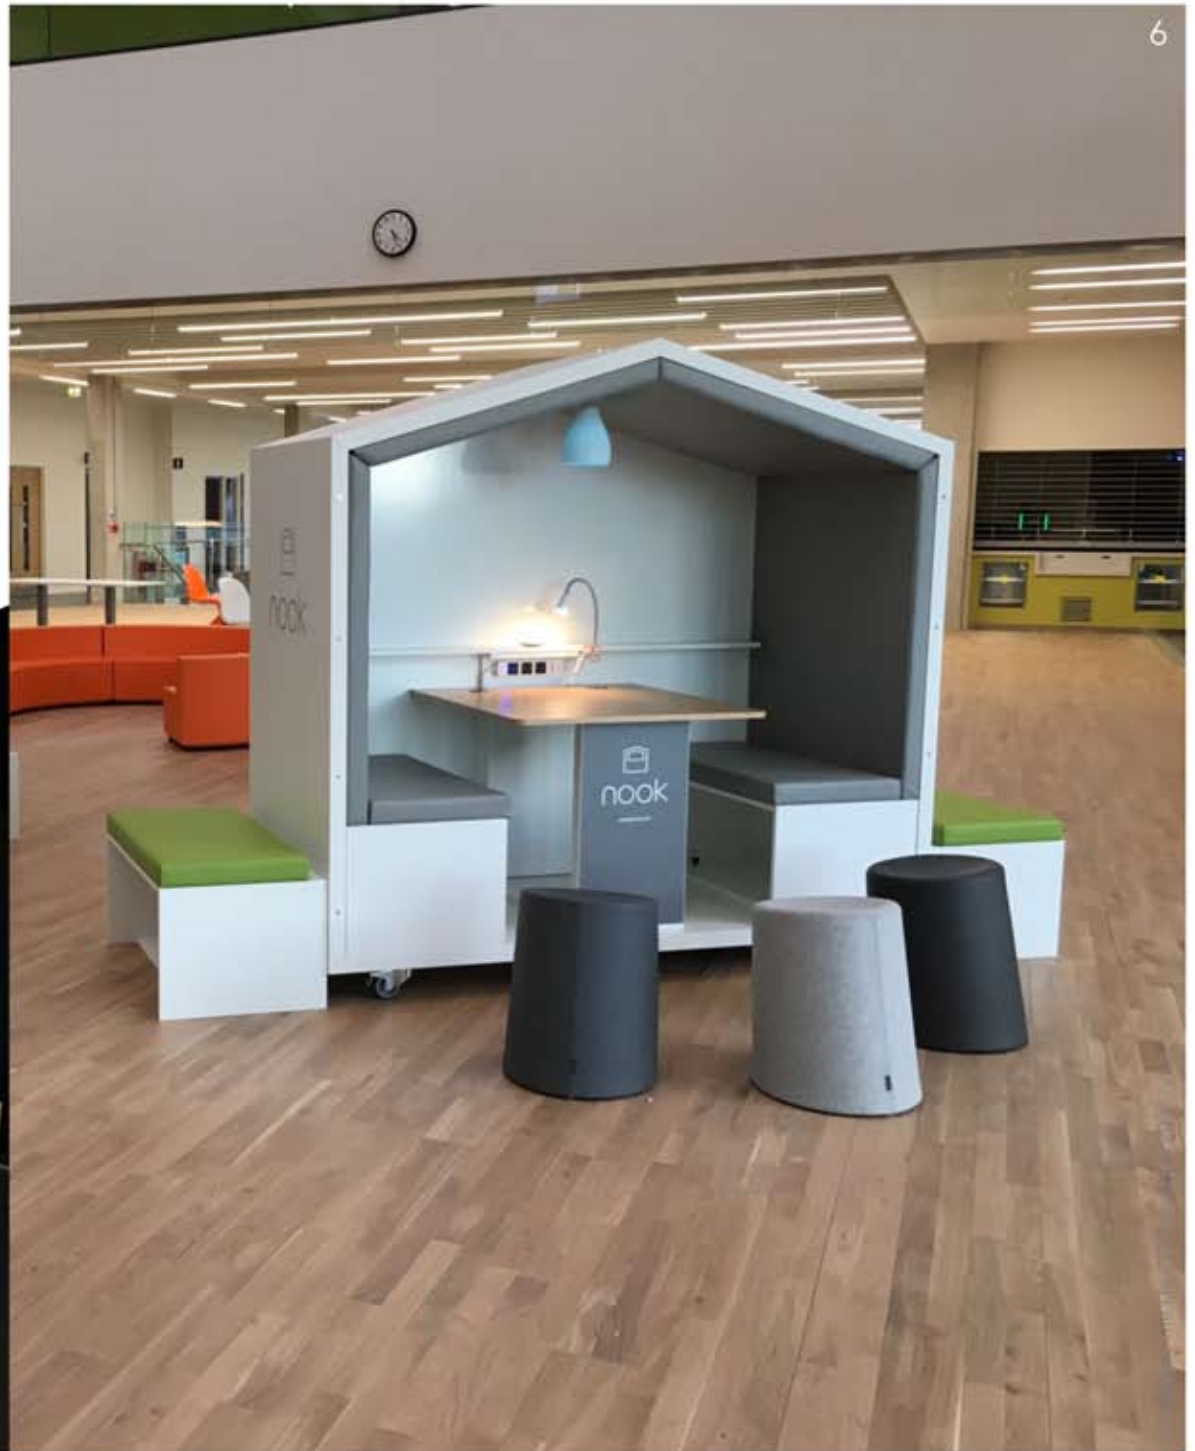

### OPTION – EXTRA BENCH

The possibility to add an extra bench opens up further the area in front of and around the Nooks.

Placing a bench against the side of a locked Nook creates an additional convenient rest space.

Using two extra benches, normally positioned at the side of a Nook but repositioned temporarily at the front side-by-side, creates additional short-term seating for up to 4 people.

This latter can be useful for group work, interviews and presentations.

**BRANDING – OPTIONS**

Nook comes as standard with the Nook brand front and centre.

Nook can also be adapted for short or long term needs by adding to the Nook brand.

This can be valuable to maintain the cleanliness of a space, to allow short-term sponsorship, to add corporate branding for events and to project a sense of brand ownership.

INCLUDED - Standard Nook Branding

OPTIONAL – ADD LOGO  
Customer Co-branded Nook
