FABRIC

The above prices include upholstery on seats, sides & roof in Camira Xtreme fabric. Xtreme is made from 100% recycled polyester. Its stretch properties, coupled with inherent flame resistance, durability and non-pilling properties make Xtreme an ever popular fabric for task seating.

Choose fabric colour [here](#).
Other fabrics are available on request

OPTIONS EXPLAINED

A Nook comes with all the required electrics, lighting, seating and branding as shown on Page 3. Here are the available add-ons.

WHITEBOARD DRY-ERASE REAR WALL

Convert the Rear Wall to a whiteboard surface finish, inside and outside. This allows the wall to be written on inside the Nook, during a meeting, and outside on the full height of the back of the wall when stood at the Nook.

WIRELESS POWER CHARGING

(See also Page 4)

Add Wireless power puts a power charging device under the Nook table which emits a wavelength picked up by a dongle which is plugged in to any phone/tablet. Several devices can be charged at once.

ADD CUSTOMER LOGO

Add a sponsor or customer logo to both side walls and the table leg. These will be as well as the Nook logo which will remain

10 FEATURES INCLUDED IN NOOK

1. The Nook roof evokes childhood memories of playhouses, creating intimacy and a sense of privacy
2. Acoustic upholstery creates calm & quietness. Choose any colour.
3. Colour changeable LED Lighting enhances mood and improves legibility. Remote Control & 3D Printed Lampshade included.
4. Removable Rear Wall. Removing this wall part allows light in for window placement or for joining nooks together.
5. Desk level task lamp for detail & close-up work
6. Rear Wall Shelf. A two-dimensional work surface and a place for phones, coffee, wallets, arms etc.
7. International mains & USB power & charging sockets for devices (UK/EUR/US)
8. Large Comfortable Working Area
9. Bench seating. Spacious for 2 people for long periods or comfy for 4 for short meetings. Storage and feet-space underneath.
10. Nook is easily moveable on lockable heavy duty castors

POWER - INCLUDED

1. Colour Adjustable Lighting to adjust lighting conditions to match the occupants mood, the task or a particular eye condition.
2. Surge Protected International Mains Sockets to plug in any device with 2 or 3 pin plugs.
3. Smart USB Outlets for simultaneously charging multiple tablet and phone devices

POWER - OPTIONAL

4. Wireless Charging, enabling a cable-free world, in partnership with Aircharge™

aircharge®

Optional Wireless Charging

Qi COMPATIBLE DEVICE?

If your mobile device is Qi wireless charging enabled, then you're ready to go! Simply place it on the Aircharge wireless charger and it will start charging instantly.

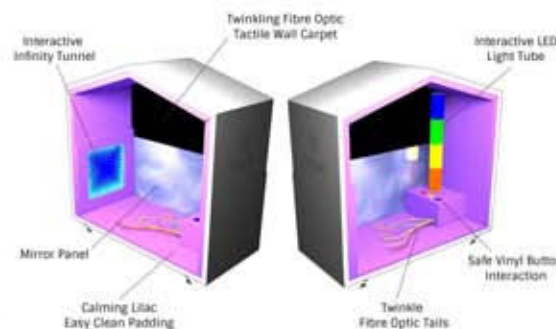

NON-Qi DEVICE?

Don't worry! Through our range of receivers and accessories, we can enable any other non-Qi device to enjoy the freedom of wireless charging. We include everything you need, pre-installed and ready to use.

SENSORY NOOK – LIGHT

Public places can become overwhelming for people with special needs, particularly those on the autistic spectrum. This Sensory Nook provides a closed in space that gives a sense of security and calm. The comfortable padded base has gentle vibration built in for a soothing effect. UV lighting creates a calming glow while the walls and ceiling are covered with twinkling fibre optic carpet for a safe relaxing focus. With the retractable screen closed and the Bluetooth sound system playing it becomes an oasis of calm in which to escape and reduce anxiety levels before they reach crisis point.

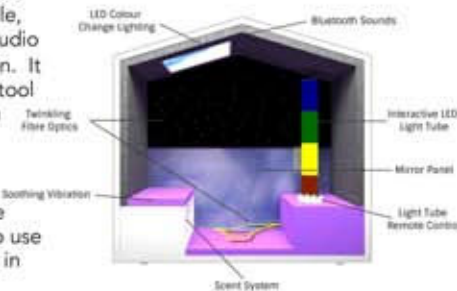

SENSORY NOOK – SUPPORT

The Nook is already an emotionally intelligent workspace for one to one and group working. The sensory enhancements take it a step further by including precise colour spectrum selection and light intensity controls. In combination with scent and air circulation it produces an encapsulated environment to positively influence mood, reduce challenging behaviour and lower anxiety levels. This is a highly inclusive adaptable space particularly effective for people with dyslexia and autism.

SENSORY NOOK – INCLUSIVE

The Inclusive is a mini multisensory room that can be taken where and when it is needed to support a broad range of SEN including Autism, ADHD, Dyslexia & SEMH. A controllable space that can deliver visual, tactile, haptic, olfactory and audio calming and stimulation. It is the perfect support tool for sensory integration therapy and positive behaviour influencing intervention. Sensory Nook Inclusive provides an intuitive to use specialist environment in everyday places.
